

2022 NGT Annual Garden Survey

Thank you for taking the time to respond to the 2022 NGT Garden Survey. This survey is an annual process which gives us the opportunity to check in with you all about how the growing season has gone, your garden's accomplishments, if there are any concerns or property issues, and to collect some information from you that we use to communicate our impact to funders and the public.

Please make sure that only one person responds to the survey per garden. The survey is available to be filled out online, in PDF or paper format. Please contact Marlana Moore with any questions: (215) 988-1630 or mmoore@pennhort.org.

Gardens are required to submit responses by Friday, December 9, 2022.
